TEMS Parent Portal Application

TEMS Parent Portal allows parents/guardians to view student information online. A valid email address for the parent or guardian is required to sign in and view student information.

Accounts can only be given to the primary and/or secondary contacts that are in the current system (usually the mother and father or the guardian). The limit is two accounts per household. Each account must have a unique email address.

Please fill out the following application completely. An email message will be sent in 2 weeks with your login information. Please contact the school office if you do not receive your account information after two weeks.

Please print neatly. Have your student return the completed form to his/her teacher.
